Revolutionizing **Oral Care**

Stop cavities before they start with our powerful prevention line of products. Our advanced approach will keep you and your smile strong, healthy, and resilient.

Trusted Quality

Created by a Dentist

Science-Focused

Ask your dentist how **CariFree** can help you achieve a cavity-free future!

CARIFREE®
PROFESSIONAL

carifree.com

Reset & Restore Healthy Bacteria

Treat & reduce cavity-causing bacteria to create a balanced and healthy oral environment.

pH Buffering Technology

CariFree's unique buffering technology maintains oral pH balance to fight acids even after brushing.

Remineralizing Power

Prevent cavities and remineralize at the same time! Two power-house ingredients, fluoride and nano-HA (nanoXIM by FLUIDINOVA) combine to create a healthier smile.

Caries Risk Assessment

Our personalized system can help you determine your risk for future cavities and receive a treatment plan just for you.
